Providing innovative, practical and top-quality products and services to help improve the safety and productivity of mining operations worldwide.

HIGHLY EFFECTIVE TRAINING PROGRAMS POSSESS 3 KEY ELEMENTS. THESE ARE **HEAR**, **SEE**, AND **EXPERIENCE**.

• **HEAR**

Students listen to the information and follow along with the narration.

• **SEE**

Students read the topic information while viewing related graphics, photos, and videos.

• **EXPERIENCE**

Students then interact with the program to practice correct procedures and techniques utilized in the safe and efficient operation of the equipment.

THE BLENDING OF THESE 3 KEY ELEMENTS PROVIDES FOR **MAXIMUM KNOWLEDGE RETENTION, EXCELLENT SKILLS DEVELOPMENT, AND A POSITIVE ATTITUDE.**

INTERACTIVE MEDIA TRAINING SYSTEMS (IMTS)

VISTA products offer World-Class training benefits for clients across the globe. Recognized within our industry as a leader in training systems and solutions VISTA provides complete Interactive Media Training Systems delivered in computer based format or Classroom materials for use by local instructors. Contact VISTA today to discuss your training needs.

IMTS BENEFITS

- **EASY NAVIGATION**

IMTS programs are intuitive to navigate including a clearly marked advance button. Helpful “mouse-over” features highlight the availability of more detailed information.

- **INTERACTIVE**

Each self-paced lesson includes testing with challenging “thought based” choices.

- **CONSISTENT**

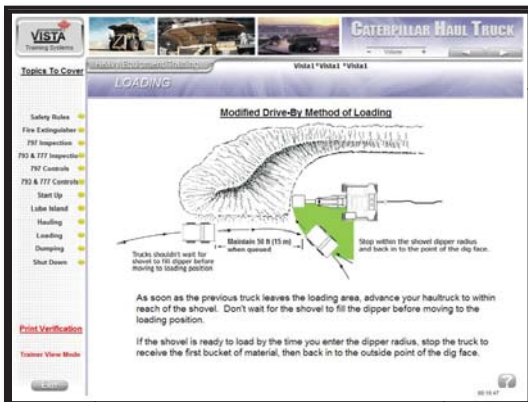

Training objectives are conveyed in a uniform manner. Test results measure comprehension of subject material.

- **ON DEMAND**

Ready when you are! No administrator required during the training session.

- **DISTRIBUTED**

Available to integrate with the management processes of your operation. Our training modules are **AICC** compliant and ready for application within a **Learning Management System (LMS)**. User **LMS** database training record is sourced from the **IMTS** “check-your-knowledge” testing.
