

# FINAL EXAM

## Certificate of Completion

*Rick Longstaff*

Completed the Computer-based Training Program

### Motor Grader - Basic Operation & Safety

on

*Tuesday, February 7, 2017*

*with a score of: 20%*

I have completed the knowledge assessment for this computer-based training program, and the above score reflects this assessment of my comprehension of the learning objectives of this program. This understanding has been acquired either through completing this training program or from my prior knowledge and experience with this subject.

This document does not approve, certify or otherwise imply that the above student is fully trained in the subject of this training program. Typically, hands-on supervised training and a competency evaluation are required in addition to any individual self-study instruction in order to complete a course of training.
